Regional Domestic Violence Resource Center Data

	FY 25	FY 24
# of People Served	14,245	14,810
# of People Affected by DV	11,837	12,385
% of People Affected by DV with Children	48%	48%
# of Contacts with People	76,903	79,808
# Calls to DVRC Crisis Helplines	18,466	19,279
# of People Receiving Court Advocacy Services	5,979	5,980
# of People Receiving Residential Services	919	1,016
# of People Receiving Sheltering Services	538 (199 children)	542 (218 children)
# of People in Support Group	545	525
# of People Receiving DV-CPS Liaison Services	888	1,009
# of Trainings for Adults	109	179
# Youth Presentations	1,143	926
# of Direct Service Volunteer Hours	18,518	20,415

Advocates spent nearly **40,000 hours** working with people experiencing DV.

The number of people calling DVRC crisis helplines increased 33% since pre-COVID 2019, while helpline volunteer hours decreased 21% in that time, and 9% from FY24 to FY25.

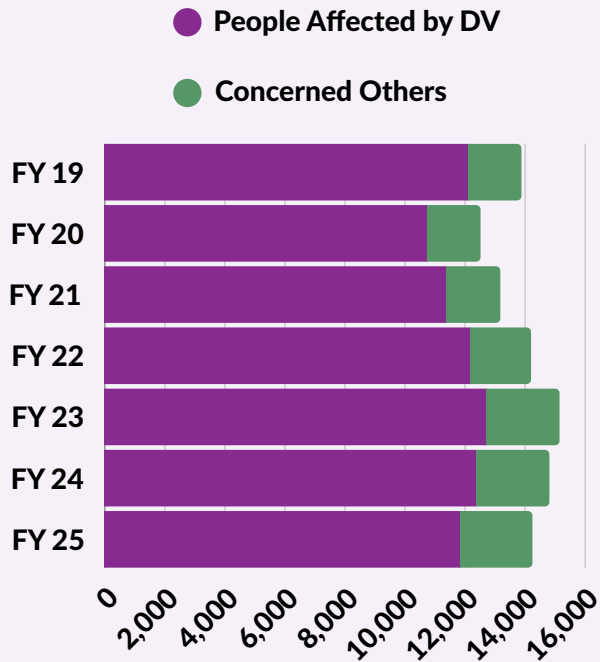

Meanwhile, our paid (-14%) and volunteer (-54%) workforce has reached critically low levels since the pandemic.

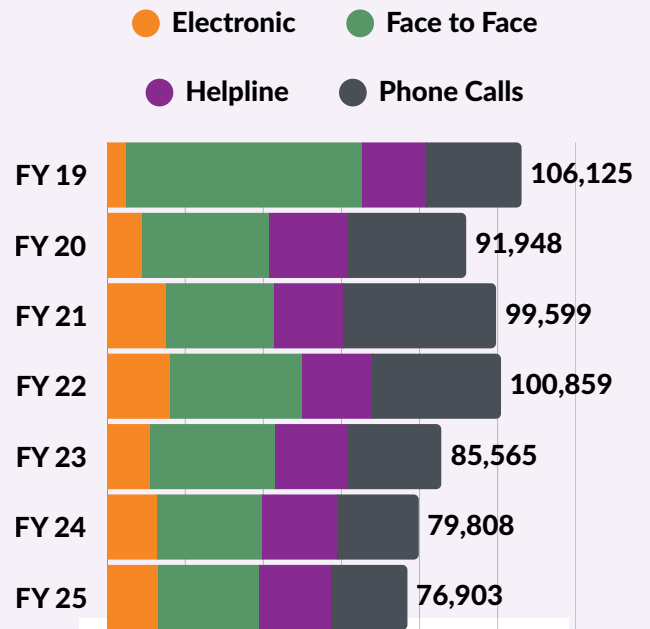

Regional Domestic Violence Resource Center Data

The number of people served in FY25 remains above pre-COVID 2019. Calls to the helplines remained high, and DVRCs shifted capacity from other services to meet the demand for crisis response. Shelter requests continued to outpace capacity.
